Re: Annual Certification of Eligible Telecommunication Carriers
(ETCs) for Eligibility to Receive Federal High-Cost Fund
Support

05-GF-135

CC Docket No. 96-45/WC Docket No. 10-90, Annual Certification of Support for
Eligible Telecommunications Carriers Pursuant to 47 C.F.R. §54.314

Dear Ms. Dortch and Ms. Majcher:

The Federal Communications Commission (FCC) requires that state commissions must file an annual certification with the Universal Service Administrative Company (USAC) and the FCC stating that all federal high-cost fund (HCF) support provided to carriers in their respective states will be used only for the intended purposes.¹ Pursuant to the requirements of 47 C.F.R. § 54.314, the Public Service Commission of Wisconsin hereby certifies to the FCC and the USAC that the telecommunications carriers included in the attachment to this letter are eligible to receive federal high-cost support for the program years cited.

As in previous years, the Commission requested and received sworn affidavits from the carriers identified in the enclosed list. The list identifies the name and study area as identified by USAC. All Eligible Telecommunications Carriers (ETCs) receiving or projected to receive HCF support in the first quarter of 2013 have submitted affidavits. In addition, ETCs receiving HCF support were requested to provide information regarding the amount of support and its use. All ETCs

¹ 47 C.F.R. §54.314(a) ("Certification. States that desire eligible telecommunications carriers to receive support pursuant to the high-cost program must file an annual certification with the Administrator and the Commission stating that all federal high-cost support provided to such carriers within that State was used in the preceding calendar year and will be used in the coming calendar year only for the provision, maintenance, and upgrading of facilities and services for which the support is intended. High-cost support shall only be provided to the extent that the State has filed the requisite certification pursuant to this section.")

that receive HCF support also provided information supporting the statements in their affidavits regarding their use of current and projected HCF support.

In its sworn affidavit, each carrier states, among other things:

4. Carrier files this affidavit in compliance with the Federal Communications Commission's order of May 23, 2001, in Docket No. 96-45, which requires states to certify to the Federal Communications Commission that all Federal High-Cost Support within this state be used only for the provision, maintenance, and upgrading of facilities and services for which the support is intended.

5. Carrier hereby states that it is the authorized ETC that will actually use the Federal High Cost Support Funds received only for the provision, maintenance, and upgrading of facilities and rendition of services for which the support is intended pursuant to § 254(e) of the Federal Telecommunications Act of 1996, and that such uses are consistent with controlling orders of the FCC applicable to Carrier and with applicable precedent of the Public Service Commission of Wisconsin.

Relying on these sworn affidavits, and the additional information provided in support of those affidavits, the Commission certifies that all the federal HCF support funds received within Wisconsin by the Wisconsin ETCs listed on the attachment were used in the preceding calendar year (2011), are being used in the current calendar year (2012) and will be used in the coming calendar year (2013) only for the provision, maintenance, and upgrading of facilities and services for which the support is intended pursuant to § 254(e) of the Federal Telecommunications Act of 1996 and 47 C.F.R. § 54.314(a).

Questions regarding this matter may be directed to Jeff Richter, the PSCW's USF Director, at (608) 267-9624.

Dated at Madison, Wisconsin, September 26, 2012
